TESTIMONIALS

Read what people say about the railroad tours

"The museum has tons (pun-intended) of different life-size trains, lots of toy trains, and many great learning experiences about CA state history and the building of the railroad..." - Impressive
Lisa D.

"I brought my 13 month old son who I wasn't sure would really understand what was going on, but I could tell he was having a blast pointing out all the different things around him..." - Very Interesting to all ages
John G.
